## Home School Agreement for e-Learning Programme

Using technology in school and at home brings learning right into the 21st century. It gives learners the opportunity to learn at their own pace, and for learning at home to be more structured and effective.

We believe that this technology will give every learner the opportunity to progress faster and achieve more. We also believe that it will help to strengthen relationships between home and school.

## HOME SCHOOL AGREEMENT

To help ensure that our 1:1 programme is a big success at All Saints CEVA Primary School and that we get maximum value from our *joint* investment in your children, we invite you to commit to the principles outlined in this agreement. As a school we are prepared to provide all of the back-up and resources needed to make this work, but we also need the commitment of parents and students.

As you read through this leaflet you will see a summary of our 1:1 programme commitment that the school is making to the students and to you as parents. It also outlines the commitment that will be needed from the home, and from the children themselves, to make this work.

When you have read these sections we invite you and your child to sign the agreement and return it to school. This will help to ensure that we are all working together to achieve success.

Remember that using a **Viglen 360** (referred to as the 'device' in this leaflet) is a privilege, not a right, and should be used in a responsible and ethical manner at all times.

## TERMS & CONDITIONS

- Failure to take reasonable care or to abide by the other conditions in this document may result in the device being reclaimed. The school reserves the right to claim financial recompense in such cases
  - The device should be charged at home overnight, but the school cannot accept responsibility for electricity costs
  - The device and its software will remain the property of the school until the end of the loan period
  - Ensure that the device is returned either at the end of the programme or if the student leaves the school for whatever reason before then, or at any other time upon the request of a member of staff
-

## **THEFT:**

A stolen device must be reported to the school as soon as possible when you will be required to fill in a Theft form. From there the police will be notified and a crime number assigned. We will not cover the cost of replacing the device under the following circumstances:

- The device was left in plain view in an open bag or unlocked locker, car or house
  - The device was stolen due to negligence, careless behaviour or unwise use in or out of school
- 

## **THE SCHOOL WILL:**

- Provide a device for your child's use, for the length of the programme
  - Provide a case to protect the device
  - Provide the resources required for educational purposes
  - Make sure that the device is covered by insurance for use in and out of school for study purposes, providing reasonable care is taken to prevent loss (through theft) or damage
  - Provide secure storage for the device when it is not needed for any particular lesson
  - Provide ongoing support for the device
  - Ensure that the device is protected against computer viruses
  - Give parents and learners a proper introduction to using and caring for the device & software

  - Ensure that your child understands that the device is primarily for educational purposes and that it is always in a state to work with
- 

## **AS A STUDENT I WILL:**

- Look after my device very carefully all of the time. It will be kept in its case and stored securely when not in my possession
  - Take responsibility for setting up a secure password and not sharing it with other students

  - Take care when the device is transported so that it is as secure as possible (e.g. not visible in a vehicle / not left unattended on a bus / etc.)

  - Delete any software I have been asked to install
  - Use my device for any illegal and/or anti-social purpose, including access to inappropriate websites
- 

## **BROKEN DEVICE:**

Unfortunately, devices on occasion do get broken and this is the procedure should the need arise.

A broken device must be reported straight away as we only have a week's window to claim on the insurance, even if it is during the holidays. All breakages must be reported even if it is a tiny crack in the screen and a form must be completed.

**1st Breakage:** your device will be returned to you and the insurance will cover the repair

**2nd Breakage:** your device will be returned to you and the insurance will cover the repair

**3rd Breakage:** you will be asked to contribute £50 towards and also choose between one of the two following options:

1. You can opt out of the scheme and the device can only be used in school. It can be collected first thing in the morning and must be returned after final lesson of the day
2. You can remain in the scheme but must commit to contributing £50 for each future claim for repair of the device following any future damage

We will not support the following breakages and therefore you will be required to pay for them:

- Deliberate and wilful damage to the device
- Any problems resulting from device that has been 'Jailbroken'

During the time it takes to repair the device we have a limited stock of loan devices for use during the school day which must be returned after the last lesson
